“Slack” for healthcare

Right info. Right user. Right time.

The screenshots illustrate the komedhealth platform's communication features:

- Left Screenshot:** Shows a mobile view of a "Cardiology Team" channel. It includes a message from Dr. Ronald Robertson about an emergency patient, a message from Annette Cooper asking for lab results, and a chest X-ray image with red and blue arrows pointing to specific findings.
- Middle Screenshot:** Shows a desktop view of a "Cardiology Team" channel. It includes messages from Dr. Ronald Robertson, Annette Cooper, and Jane Warren, along with a chest X-ray image and a message from the Pediatrics Team.
- Right Screenshot:** Shows another desktop view of a "Cardiology Team" channel. It includes messages from Dr. Ronald Robertson, Annette Cooper, and Dr. Bella Rose, along with a chest X-ray image.

communication in healthcare is not up to today's requirements
3500+ HOURS OWN ON-SITE RESEARCH IN 30+ HOSPITALS, ACROSS
VARIOUS COUNTRIES SHOWED 4 MAIN CLINICAL CHALLENGES

NUMEROUS LEGACY SYSTEMS
PREVENT SEAMLESS
COMMUNICATION

HEALTH CARE WORKERS ARE
CONSTANTLY INTERRUPTED*
BY CALLS AND PAGES

UP TO 120 MIN / SHIFT
WASTED SEARCHING FOR THE
RELEVANT CLINICIAN

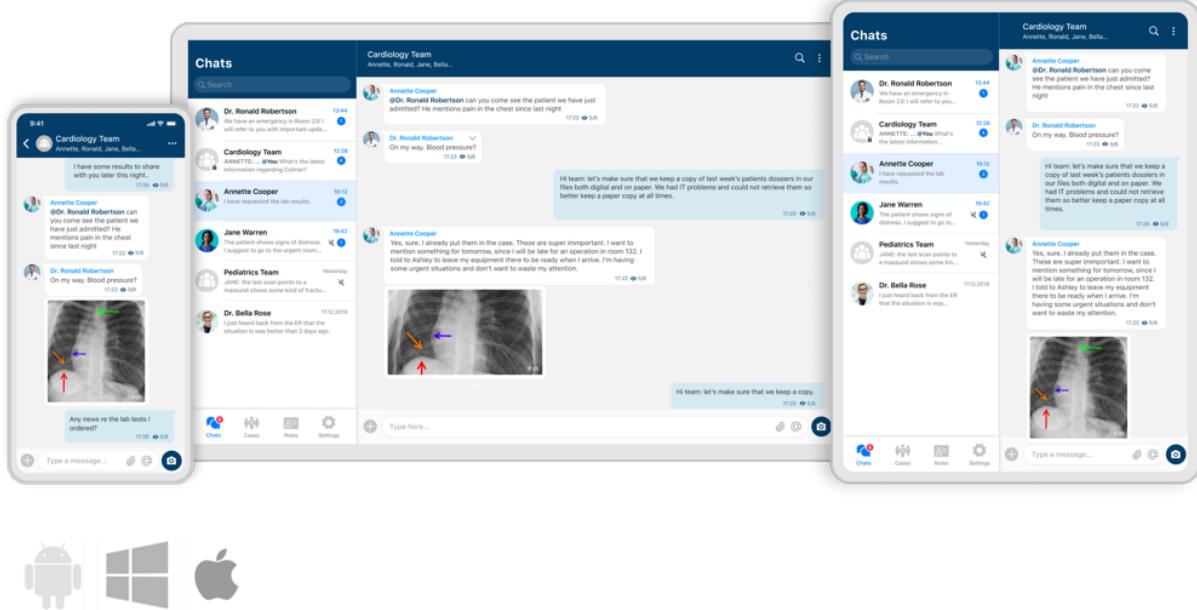

FOR LACK OF BETTER TOOLS
NON-SECURED APPs
ARE USED TO TRANSMIT
SENSITIVE DATA

* Study showed that a physician gets on an average 12 calls per hour and 9 of them are not urgent

THOSE INEFFICIENCIES IN HEALTHCARE COMMUNICATION LEAD TO
MORE THAN 250'000 DEATHS EVERY YEAR

we have a marketable & value adding communication platform

OUR PRODUCT HAS GROWN INTO A ROBUST ENTERPRISE PLATFORM WHICH IS EASY-TO-USE, EASY-TO -IMPLEMENT AND EASY-TO-INTEGRATE

- Starting out with an **easy to use** and **fast to deploy messaging**
- **fully secured & protected patient data**
- **easy to integrate with existing infrastructure**
- Patient & role centric organization of communication
- Purpose-built for healthcare professionals
- **accelerating clinical workflows**

our happy users turned into advocates

HIGHLY POSITIVE USER FEEDBACK CONFIRMS THAT KOMED HEALTH APP IS ADVANCING CARE EFFICIENCIES

“Komed Health gives physicians and nurses easy access and help to share medical information and to **bring faster informed decision-making to the point of care.**”

Prof. Dr. med. A. Exadaktylos, Chair, Head and Clinical Director Emergency Inselspital, University Hospital of Bern

“While using Komed Health’s messaging application we can rapidly transfer imaging findings from radiology to the treating physicians and caregivers, to support their treatment decision process. On the other hand we can receive valuable information to improve the quality of our reports. All in all this **may significantly save valuable time and reduce costs.**”

Prof. Dr. med. H. von Tengg-Kobligk, Vice Chair and Associate Professor Radiology Inselspital, University Hospital of Bern

our diversified, modular SaaS business model is confirmed

FOLLOWING A SUCCESSFUL PILOT DURING THE COVID-19 CRISIS WE WON A MAJOR SAAS CONTRACT WITH A GROUP OF 7 PUBLIC HOSPITALS

"The Covid-19 crisis has clearly shown that an easy-to-deploy and easy-to-use but nevertheless secure digital communication and collaboration platform is desperately needed in healthcare facilities. During those difficult times we tested the Komed Health platform and were **impressed by the product as well as by the flexibility and the responsiveness of the team of Komed Health**. Our employees are also much more relaxed now as they can easily communicate and exchange real-time information without being scared that the data is somewhere in US."
